Northeast Preliminary Fisheries Statistics

Multispecies (May - October 1999) & Scallop (March - October 1999)

Fishery Statistics Office Northeast Regional Office National Marine Fisheries Service Gloucester, MA 01930

February 2000

The preliminary fisheries statistics indicating stock areas and gears in this report were derived by prorating available dealer weighout and vessel log data. These preliminary statistics, therefore, represent the currently available information, but are subject to revisions in the future.
